Then tap "Sign In"

This produces a page as shown below:

Tap on either the "Membership List" or the "Membership List with Photos" to see the roster. The roster is updated periodically as new members join. The version with photos covers many pages and therefore maybe a lot to print. The version with photos can be searched by member name so that it can be used as a resource.

If this page is bookmarked (or the list page is) then it can be accessed more than once without re-entering the user and password. However, when something in the security of the webpage (or your device) changes you will be required to enter that sign in again.

The lists are produced as Adobe PDF pages. If you transfer the PDF to your device or the Adobe cloud, then be advised that over time the information in the list will become inaccurate.
