

Hudson Riverfront Walkway from Mitsuwa Market to Ferry Terminal and return

Let us help you find your way

The Hudson River Waterfront Walkway is a spectacular pathway on the western shore of the Hudson River in New Jersey. The state has planned the Walkway to exist immediately adjacent to the river in a continuously connected 30 foot wide path from the tip of Bayonne to the George Washington Bridge. The Walkway provides free access 24/7 for the enjoyment of the general public.

The Hudson River Waterfront Conservancy is the organization dedicated to monitoring the completion and consistent maintenance and upkeep of the 18.5 linear mile plan. Among its goals are the preservation of the scenic values afforded by the walkway and the implementation of the State rules and regulations concerning the development and use of the Walkway.

Length: 18.5 linear miles (**we will cover 3 miles for a round trip of 6 miles**)

Municipalities through which walkway runs: 9

Bayonne, Jersey City, Hoboken, Weehawken, West New York, Guttenberg, North Bergen, Edgewater, Fort Lee

Counties: Hudson and Bergen

Uses: Walking, jogging, biking, fishing, boat or kayak launching, access to Mass transit

Perpendicular Access:

10-20 foot wide lanes from the nearest street/road parallel to the walkway
